LOSS OF LIFE BY FIRE

Five Known to Be Dead and More in the Wreck.

MAY REACH FIFTEEN

Fire Breaks Out in a Poplar Bluff Hotel and Cuts Off All Means of Escape—Several Injured by Jumping to Ground.

Poplar Bluff, Mo., Nov. 12.—The Gifford House burned here early this morning. Five persons are known to be dead and 8 or 10 bodies are believed to be in the ruins. Two are fatally injured and dozen at least more or less seriously hurt.

The list of the known dead are as follows:

Heck Clark, Doniphan, Mo.
Rebecca Owens, Poplar Bluff.
Shelby DeHart, Poplar Bluff.
Curly Berry, Poplar Bluff.
The fatally injured are:
Emma Hargrove, Poplar Bluff.
Winslow Stowe, Tennessee.
Engene Balton, Hot Springs, is missing.

The fire originated about 12:30 o'clock this morning in the rear of the hotel and in a few minutes the building, which was entirely of wood, was a mass of flames. There were in the neighborhood of 45 guests in the building. The porter, the only person awake in the hotel, was unable to give an alarm, as the smoke and flames drove him back. The guests on the second and third floors were caught like rats in a trap, the fire preventing escape by the stairs and they leaped from the second and third story windows. One of these, Heck Clark, jumped and broke his back.

Etta Hargrove leaped from a third story window and suffered broken limbs and internal injuries which will probably cause her death.

Benjamin Shelby forced his wife to leap from the second story window, she was badly burned, but will live. Shelby tried to escape by the stairway but smoke and flames drove him back and he sprang from the window. He asserts he saw 10 or 15 persons in the hallway overcome by smoke. If this is the case a dozen or more bodies may be found in ruins. A number of guests were not registered and their names are unknown. Every room in the house, 45 in number, was occupied.

The Gifford House was one of the oldest hotels in southeast Missouri. Proprietor W. P. Norri and wife escaped, but lost all possessions.

MARCUS DALY DEAD.

The Montana Millionaire Dies of Bright's Disease at New York.

New York, Nov. 12.—Marcus Daly, of Montana, died here today at the Hotel Netherlands of Bright's disease, and heart failure. Mr. Daly was a big mine owner in Montana and was the formidable foe of Senator Clark of Montana, and through Mr. Daly's charges and influence Senator Clark lost his seat in the senate. Mr. Daly was rated into the millions and was one of the progressing citizens of his state.

Railroad Magnate Dead.

New York, Nov. 12.—Henry Villard, railroad magnate and financier, died at his summer residence at Dobbs Ferry. A week ago he caught a heavy cold and since then his condition has been gradually growing worse. Two physicians were with him constantly for a week past.

MOROCCO MUST PAY.

United States Will Send a Warship to Collect Indemnity from Her.

Washington, Nov. 12.—Morocco has again refused to pay the indemnity for the murder of an naturalized American citizen by a mob in Tangiers and probably the demand for a settlement will be backed up by a warship.

The Pope on the Election.

Rome, Nov. 12.—The pope in receiving Bishop James Trobes of Clond, Minn., took occasion to express the most cordial sentiment regarding Archbishop Ireland in particular and the Americans in general. Referring to the result of the recent elections in the United States the pontiff said: "I pray God to so illumine President McKinley's mind that he may avoid the dangers of imperialism."

Revision of Presbyterian Creed.

New York, Nov. 12.—There promises to be an important meeting of the presbytery here. The first order of the session will be the question of the revision of creed. This is held to amount to a victory for liberals as it gives them an opportunity to act at once. The conservatives have won heretofore because the liberals were always split up before the vote was taken, some preferring one degree of revision and others another.

Against Prohibitive Tariff.

Berlin, Nov. 12.—About 300 represen-

tatives of industry, finance and commerce from all parts of the empire, have organized an association, the object of which is to urge the maintenance of the present German customs policy and combat the agitation for a prohibitive tariff.

Seventy-Nine Million Surplus.

Washington, Nov. 12.—United States treasurer reports receipts for the fiscal year of \$56,724,552, leaving a surplus over expenditures of \$79,529,060.

receive a daily ration. A number of the Indians are also assisted by occasional issues and 12,570 old and indigent ones are provided for. The commissioner urges that the indiscriminate issue of rations should stop at once. The old and helpless should be provided for, but rations should be issued to the able bodied only for labor, while those who have been educated in Indian schools should depend entirely on their own resources.

Annuities distributed last year aggregated \$1,507,543 the per capita reaching from \$255 down to 50 cents. The report says that large money payments to the Indians "are demoralizing in the extreme. They degrade the Indians and corrupt the white, induce pauperism and crime and nullify all the good effects of years of labor."

There is now in the treasury to the credit of Indian tribes \$33,315,955.09, drawing interest at 4 and 5 per cent, the interest amounting to \$1,646,485.96. Several of the tribes have large incomes from leasing and other sources. It is a prediction that so long as these funds exist they will be the prey of designing people.

There were 250 Indian schools of all kinds conducted by the government, an increase of 1412 pupils in enrollment and 1142 in average attendance shown over the previous year.

The report controverts the theory that the extinction of the Indian is only a matter of time. It says it can be stated with a great degree of confidence that the Indian population of the United States has been very little diminished from the days of Columbus, Raleigh, Captain Smith and other early explorers.

Reviewing Indian Territory affairs the report says there are 50,000 children of white parents there who should have schools and that thousands of these who are deprived of education are growing up in ignorance, and feeding the United States jails at Muskogee and points with youthful criminals. The cost of education will not be excessive compared with results. School benefits also should be extended to the 4250 Choctaw freedmen. Government control of the schools in the Chickasaw Nation is advocated.

Exports of Domestic Products.

Washington, Nov. 12.—The monthly statement of the exports of the domestic products shows that during October the exports were as follows, comparisons being made with October, 1899:

Breadstuffs, \$21,913,832; decrease, \$2,128,000.

Cattle and hogs, \$2,289,351; increase, \$652,000.

Provisions, \$13,934,320; decrease, \$714,000.

Cotton, \$60,391,107; increase, \$32,043,000.

Mineral oils, \$6,129,079; decrease, \$463,000.

Total for the month \$105,260,689, net increase, \$29,398,994.

For the last 10 months the total was \$655,915,875, and increase as compared with the corresponding period in 1899 of \$82,055,000.

Mexican Killed at Brownsville.

Brownsville, Tex. Nov. 12.—Agipito de la Rosa, a Mexican, was shot and killed here Saturday night by Customhouse Officer Jasper A. Maltby. Mr. Maltby had taken a smuggled hat from him the day before, and he then threatened the life of Maltby and vowed to kill him. Saturday night he lay in wait around the home of Maltby, but was frightened away by officers. Mr. Maltby was informed of his threats and prepared to defend himself.

Scott Badly Wounded.

Navasota, Tex., Nov. 12.—Sheriff Scott, who was in jail wounded, was taken out of the county under escort of Adjutant General Scurry and 40 militiamen yesterday morning and taken to Houston. No disposition was shown either Anderson or at this place to molest the man under the protection of the state. It is reported that gangrene has set in in Scott's wound. The situation at Anderson is much improved.

Run Over by a Train.

Shiner, Tex., Nov. 12.—A stranger named Robert H. Opp was run over and killed by a train here. There was a membership card of Bricklayers' international Union No. 1 of Oklahoma City, O. T., was found on the body, but no money or valuables of any kind.

Livestock Company Bankrupt.

Kansas City, Nov. 12.—The Elmore-Cooper Livestock company has filed a petition in bankruptcy. The liabilities are placed at \$600,000 and are mostly the result of the Gillette failure a year ago. The assets are placed at \$200,000.

Killed in a Wreck.

Paris, Nov. 12.—Eight persons were killed and 14 wounded in a collision between a suburban train and an express

an's rites. He has served only too terms in the pen an was aloud to work out his ful time both terms, besides this an a feu little steeling scrapes and being turned out uv of the church 4 times thar hain't a single thing agin hem. He undertands wher bout to vote on the silver questshun an he is agin takin any moor ignooerent savidges into this gouvment fer us to cloas and feed. Hedon't claim any party relashuns only he is kinder a prohe-bishunist and has reely subjecked hisself to bodily energy to destroy the stuf by drinking hit all up. Hurrah fer Bill Jones."

Many a mau has made a fortune though judicious advertising. Take two men starting in business at the same time. One uses all the money he makes in living well and sometimes even extravagantly. The other invests all the surplus cash that he can lay his hands on in advertising here, there everywhere that he thinks will attract public notice. What is the result? The man who advertises has crowds flocking to his shop to see the beauties of advertised goods, and as the public begin to run se will they continue from sheer force of habit. The first shopkeeper will in the meantime be sitting, unthought of and uncared for, agast at the crowds which daily throng the counters of his competitor, and bitterly bewailing the bad luck which has followed his own venture into trade. Yet he has no one to blame but himself.—Chauncey M. Depew, in New York Journal.

The irrigation amendment got snowed under again. A little more interest on the part of weekly papers of the state would have secured this much needed relief for the people in the counties desiring it.

The democrats have given expression to various opinions regarding the cause of defeat in the late election. The most patent one so far advanced is that they didn't poll enough votes.

Horse for Sale.

A good combination saddle and harness horse, gentle for family use. See Dr. J. N. Goodwin, Wellborn, Texas. 297

The Rev. Dr. Bowers will preach at the morning and night service in St. Andrew's Episcopal church on Sunday. tf

THREE MUSKETEERS.

Engagement of the Ruble Theatre Company.

The Ruble Theatre company opened a three nights' engagement in this city last night with "Claire," a comeny drama in four acts. The house was well filled as is usual on first nights when popular prices prevail, and the audience appeared to be well pleased. The play includes a number of strong situations which were handled satisfactorily. Mr. McDonald was artistic in his conception and graceful in the impersonation of Jack Kendrick. There was nothing amateurish or saving of exaggeration in his work. The part of the elder Kendrick was also in good hands, while Mr. Campbell and Mr. Waldrip as Travers and Hartman were quite clever. Mr. Waldrip has appeared here on more than one occasion previously. Miss Siemons gave a fair presentation of the title role. George Stanley came to front in good shape with a black face monologue a la George Wilson and he didn't "have to hurry" to make it go.

The company is is good one and well worthy of liberal patronage—much more so than many high priced attractions which are seen here.

The strong romantic drama, "The Three Musketeers," will be presented tonight. This play is a dramatization of Dumas' "Three Guardsmen." Remember the admission price is only 10, 20 and 30 cents—within the reach of all.

HOTEL ARRIVALS.

EXCHANGE.

It will pay you to look through Parks & Waldrop's stock of winter underwear before you buy, the largest assortment of fleece lined goods in the city from 50c a garment up, all sizes. 298

Select your holiday gifts now while John M. Caldwell's stock of jewelry, silver ware, cut glass etc., is unbroken. It is the handsomest ever brought to Bryan. 303

Caldwell's stock of goods was carefully selected for the holiday trade and no one need look further than this store for a suitable present for anyone. 303

Just received at Parks & Waldrop's another shipment of Fall and winter styles in those famous American \$3.50 shoes. The best ever sold for the price. 300

For all kinds of upholstering, furniture repair work and enameling call on C. A. Harris at residence, opposite courthouse, south side. 11-19t

FOR SALE.—House-hold furniture. Apply to Mrs. W. M. Foster at Mrs. W. H. Webb's. 297

Rice Inquest Postponed.

New York, Nov. 12.—Inquest into the death of William M. Rice, the Texas millionaire, has been indefinitely adjourned at the request of Assistant District Attorney Osborne.

Russell Resigns.

Elgin, Ill., Nov. 12.—John A. Russell of this city has given in his resignation as attorney general of Puerto Rico on account of his business that needs his attention.

Shooting at Muskogee.

Muskogee, I. T., Nov. 12.—Thomas Owens, city attorney, shot and mortally wounded Noah Watts, two bullets taking effect in the breast. Both are young men. Owens claims self-defense.

Settled at Last.

London, Nov. 12.—The Delagoa Bay railroad award has been finally settled.

CABINET CHANGES.

Only Few Old Members Will Be in the New Makeup.

Washington, Nov. 12.—That Secretary of State Hay shall return to the court of St. James as the ambassador from the United States, the determination of the president. His plan is based on the desire of the present administration, the British foreign office and Secretary Hay himself. No ambassador or minister from the United States has ever been so welcome as Colonel Hay will be in London.

Officials say there is time enough to consider what will be offered Mr. Choate, the present ambassador at London. Mr. Choate may resume his law practice in New York or he may consider that an exchange of places with Colonel Hay would not be undesirable. But Secretary Root's name has recently been mentioned for the state portfolio.

The talk about the immediate disruption of the cabinet is without foundation. The cabinet will stand by the president until his next inauguration. Those members who are anxious to retire will then have their chance. Nevertheless there will be changes on March 4, though the president would be satisfied if there were not. Many of the members of the present cabinet are anxious to return to private life. The most conspicuous example is Attorney General Griggs, who makes a considerable sacrifice by remaining. Postmaster General Smith accepted his place solely because the president wanted him in the cabinet. He has no great liking for the office though he has studied its duties and discharged them conscientiously. He would like to leave the postoffice department, but it is not improbable that he will be transferred to some other office so that Mr. McKinley may still have him in the cabinet.

Secretaries Gage and Long have often been spoken of as anxious to retire. This leads to conflicting statements that they will not be in the next cabinet. There is no certainty of that, however. The president has already induced Mr. Long to remain on the cabinet against his wishes and may do so again.

At one time it was reported that Secretary Hay would not stay in the cabinet through another administration. Of late, however, and especially since the country learned to appreciate Mr. Hay's work in the department there has been no indication that he would retire.

Secretary Root will almost certainly be in the next cabinet. There is no man upon whom the president more thoroughly relies. He will continue to be secretary of war unless Mr. Hay retires, in which case Mr. Root will probably take the state department.

Secretary will also remain in the cabinet, unless all signs fail. Nothing is known about the intention of Secretary Hitchcock.

THREE IMPORTANT BILLS.

Nicaragua Canal Bill, the Army Bill and Ship Subsidy Bill.

Cleveland, Nov. 12.—Senator Hanna has returned here after a brief visit to New York. He expects to remain in this city until congress convenes. In discussing the coming sessions of that body Mr. Hanna said:

"Congress this year will have some very important duties to perform. Three great bills, the Nicaragua canal bill, the army bill and ship subsidy bill are all to come before it. The Nicaraguan commission will make a report early in the session and the debate in the senate probably will begin early. I presume there will be changes of some importance in bill. It is reasonable to suppose a lapse of several months has made a difference in the sentiment of the people on the bill and a change in some of its main features will be a natural result. The Costa Rican treaty especially involves us in considerable difficulty and the Costa Rican government had to be consulted with.

When asked with what measures he would most interest himself during the session, Senator Hanna said:

"I have no pet measures this year and shall take no particular interest in any bills before congress. Perhaps I am as much interested in Senator Frye's ship subsidy bill as in any."

Puerto Rico Post Discontinued.

Washington, Nov. 12.—By order of the president the military department of Puerto Rico will be discontinued on Dec. 15, and that island and the island and keys adjacent, will be attached to the department of the east and designated as the districts of Puerto Rico. Troops in Puerto Rico probably will be sent to the Philippines.

Statement from Chairman Combs.

Louisville, Nov. 12.—Republican State Chairman Combs has issued a statement in which he claims the Republicans carried the state, but says there will be no contest over the vote, there is no tribunal to which he can appeal with any hope of impartial hearing. He is noncommittal as to contests over the electoral vote or congressmen.

Duffield Heard From.

Milwaukee, Nov. 12.—J. G. Duffield of Galveston, who disappeared from the Milwaukee sanitarium, where he was under treatment, has been found at Chicago. Duffield wrote to the sanitarium authorities from Chicago, saying he would not return to the hospital again.

Motion to Dismiss Made.

New York, Nov. 12.—Recorder Goff has taken under advisement a motion by the state to dismiss the indictment against Chief of Police Devery for violation of election laws.

OUR NAVY TOO SMALL

It Will Take Four Times as Many
Men to Make a Show.

SHORT ALL AROUND.

Not Enough Officers, and Instructors
Are Badly Needed—Seagoing
Corps Insufficient to Meet
Even Present Demand.

Washington, Nov. 12.—The startling statement is made in the report of Admiral Crowninshield, chief of the navigation bureau, that the present personnel of the navy would form barely one-fourth of the total establishment to fight a firstclass European power. It barely sufficed for the Spanish war and no longer can be considered, the report says, as an effective nucleus about which a larger establishment could be formed in case of war. The admiral says that the bureau can point to many cases where the service is being harmed by lack of officers. The naval academy is suffering for want of instructors and the present high standard of training can not be maintained. Every bureau in the department is short of officers and the service, the report predicts, soon will fall behind in the struggle, first for leaderships, and then for equality with other services.

The disability of the sea-going corps of officers has greatly increased since the Spanish war and many of the best officers are being lost as a result of breaking down from overwork. The personnel act thus far has resulted in affording less officers than were on the active list before its passage, while authorizing an increase it failed to provide the means, therefore, there are now 131 vacancies in the list of naval officers.

Therefore, it is recommended for the next 10 years that pupils to the naval academy be doubled, the president and representatives in congress appointing two instead of one wherever authorized now, and in addition senators being given the same privilege of appointment as representatives. Then to meet future need, it is recommended that whenever congress authorizes an increase in vessels to the navy it is provide in the same act for an increase of officers and men to man the ships.

The training system as now practiced in the navy is commended and it is declared that by no other means could the navy obtain sailors to man the fleet.

Admiral Crowninshield regards it as most important that we keep always a fair representation on the South Atlantic station, saying that in no part of the world are our vessels more cordially received and nowhere can be traced direct benefits to trade more clearly than on this station.

There were 2452 desertions from the navy and 86 deaths during the past fiscal year. The enlistments number 8123 from a total number of applicants of 40,854. Over 68 per cent of the men in the navy are native born, 19 per cent are naturalized and 9 per cent have declared intentions.

Touching upon the naval academy it is earnestly urged that no physical disqualifications for cadets shall be waived hereafter, as there has been a marked deterioration in the past ten years in the physical condition of the graduating cadets owing to their abandonment of the vigorous "weeding out" process, which has now fallen into disuse.

ARMY INCREASE.

Congress Will Be Asked for More Men
in All Branches.

Washington, Nov. 12.—Senator Proctor of the senate committee on military affairs, and Adjutant General Corbin of the war department, held an informal conference with the president Saturday relative to the legislation to be asked of congress in connection with the proposed increase in the army.

"Under the existing law," said Senator Proctor at the conclusion of the conference, "the present strength of the army, 65,000 regulars and 35,000 volunteers, will be reduced on July 1 to 27,000 regulars. This is an absurdly small number and congress will be asked by the president to reorganize the army upon a larger basis. It will be impossible to keep any troops in the Philippines unless the army is increased, to say nothing of the garrisons for the forts in this country.

"My own judgment is that congress will provide a regular army of about 55,000 or 60,000 men with discretion to the president to raise the total to 100,000 if he finds the larger number necessary. I have no doubt that this legislation will be enacted at the coming session.

INDIAN AFFAIRS.

Annual Report Reveals Some Bad Features Existing at Present.

Washington, Nov. 12.—The total expenditure by the government on account of the Indian service for the fiscal year ending in July amounted to \$10,175,107. Of this amount \$3,330,000 was devoted to the cause of Indian education. Under the head of obstacles to self support of the Indians, the report of Commissioner Jones deprecates the ration system, annuity payments and the leasing of allotments.

The Indian population of the United States is about 267,000, of which 45,27

THIS IS TO REMIND YOU

That all groceries are not alike. Some are made from cheap materials by poor machinery, and very little care is given to the work. That's the dangerous kind because it's likely adulterated. That's the kind you would do well to let alone. Others are made from the choicest materials, much care is given to the work, skilled labor is employed, and much money is spent in making them right—that's the kind that gives health, brain end brawn; you will find that kind in the list below:

Graham Flour 5 lb package 25c;
Cracked Wheat 2 lb package 25c;
Grains of Gold 5 lb package 25c;
Farina 1 lb package 10c, 3 for 25c;
Quaker Oats 2 lb package 15, 2 for 25c; Scotch Oats 2 lb package 10c, 3 for 25c; Hominy 2 lb package 10c, 3 for 25c; Ralston's Breakfast Food 20c package; Ralston's Barley Food 15c package; Ralston's Pan Cake 15c package; Ralston's Purina Health Flour 25c; Imported Italian Paste; Macaroni; Vermicelli, Spaghetti, Anderson's Jams per bottle 25c; Maple Syrup; Grape Nuts and Postum Cereal; Cane Juice, New Crop Louisiana Molasses; New Evaporated Apples, Nectarines, Peaches, Peaches; New Prunes; Fresh Dozier Cakes and Crackers; Grits and Hominy; Lye Hominy in 3 lb cans 15c. These are only some of the good things we have to offer. Come and see for yourselves as to the variety and quality of our stock of groceries.

PHILIPPINE WAR.

War Officials Believe Election Will Have Much Weight for a Speedy End.

Washington, Nov. 12.—High officials of the war department believe the election in the United States will have a good effect in the Philippines and will lead the more sensible Filipinos to abandon the insurrection. At the same time, the officers look forward to a period of guerrilla warfare. It is realized that the independent, irresponsible life of the military freebooter has many attractions for the Filipinos, who would rather extort tribute at the muzzle of their rifles than work for a living. If the insurgents should be deprived of the leadership of Aguinaldo and many of the other more influential among them, it will probably take several years for a considerable military force to eradicate all the wandering bands. Much is expected to be accomplished by the American troops between this time and Jan. 1, when the withdrawal of the volunteers will be actively begun.

Unless congress shall so amend the law under which the present volunteer army was enlisted as to permit volunteers to be discharged in the Philippines and subsequently transported to the United States, it will be necessary to begin the homeward movement of the volunteers by Jan. 1, in order that all may be mustered out in the United States by June 30. This necessity is regarded by the military authorities as most unfortunate.

When only two regiments of infantry and a battery of artillery were withdrawn for service in China the Filipino leaders encouraged their followers to believe that the United States was abandoning the struggle.

It is feared that this withdrawal of more than 30,000 men will lead the Filipinos to believe the abandonment of the islands has begun in earnest.

Unless General MacArthur's ensuing campaign shall be attended by very good results and unless the effect of the elections in the United States shall be all that has been hoped the country cannot look forward to any immediate material decrease of expenditures on account of the military and naval operations in the Philippines.

TWO NEW POWERFUL GUNS

They Will Be Tested This Week at the Indian Head Proving Ground.

Washington, Nov. 12.—Two naval guns, the most powerful of their respective calibres in the world, will be tested this week at the Indian Head proving grounds. One of these weapons is 12 inches and the other 8 inches in calibre.

They are intended for monitors of the Arkansas class and the battleships, armored cruisers and protected cruisers under construction and projected. Both guns were built in the Washington

navy yard, under plans passed by Rear Admiral O'Neil, chief of the bureau of ordinance.

The approximate amount of smokeless powder required for each charge of the 12-inch gun is 400 pounds. The projectile weighs 850 pounds. Rear Admiral O'Neil estimates that the muzzle velocity will reach, if it does not exceed, 2800 feet a second and energy is estimated at 46,442 foot tons. A shell fired by this gun will perforate 23.5 inches of Harveyized steel and 20.4 inches of Krupp armor can be perforated.

The latest 12-inch gun built abroad has only produced a maximum velocity of 2600 feet a second at its muzzle. The 13-inch gun now on board the Oregon and other battleships of her class has a maximum velocity of 2300 feet a second with smokeless powder.

Rear Admiral Bradford, chief of the bureau of equipment will estimate in his forthcoming annual report for \$800,000 for the construction of new coaling stations. He has awarded a New York firm a contract for the construction of a coaling station at Frenchmen's bay, Me. This station will accommodate 12,000 tons of coal.

He has concluded negotiations for the purchase of a site for a coaling station on Naragansett bay, obtaining a tract of 148 acres, possessing a water front of three-fourths of a mile. The price paid for the land was \$35,000.

EMERGENCY RATIONS.

Captain Fountain Says the Test Proved They Are of Value.

El Reno, O. T., Nov. 12.—The emergency ration test has been about completed and a report will be made upon the experiment to the war department soon. Captain S. W. Fountain of the Eighth cavalry, in charge of the troops that made the test says:

"The test will prove of great value in the future for army records. We started from El Reno two weeks ago and marched across the Indian reservations of the Kiowas, Comanches and Apaches to Fort Sill. During the march the men lived wholly upon the emergency ration. The food went hard with the men for the first few days, but after that time they seemed to enjoy it. I think my report will encourage the war department to adopt the emergency rations."

Gambler Killed.

St. Joseph, Mo., Nov. 12.—Policeman Charles Scott shot and instantly killed Thomas Smith, a gambler, here Sunday night. The shooting took place in the barroom of the commercial club. It is alleged that Smith accused Scott of having had an article published reflecting upon him. Scott denied the charge when, it is alleged, Smith undertook to assault the officer and the shooting followed.
